

DIESEL DEFENDER

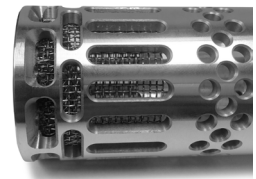

DIESEL DEFENDER PREVENTS DIESEL FROM BEING SIPHONED FROM FUEL TANKS

This high quality, one piece design is the most advanced anti-siphon device on the market today. Made with 4mm thick sidewalls, the Diesel Defender is easy to install but nearly impossible to defeat. Allows for hands-free filling of a minimum of 30 gallons per minute and up to 50 gallons per minute with no splash back!

APPLICATION GUIDE

Part #	Model	Applications	Fill Neck (in)
