

The PL9547TAC plug and play harness is used for 2005—2011, 2016—2023 Toyota Tacoma and the 2007—2013 Toyota Tundra.

For the **2016—2023 Tacoma** this harness can be plugged in on either the driver side (the tailgate lock will follow the drive side door lock) or the passenger side (the tailgate lock will follow the passenger side door lock). *For wire connections and factory plug locations see below*

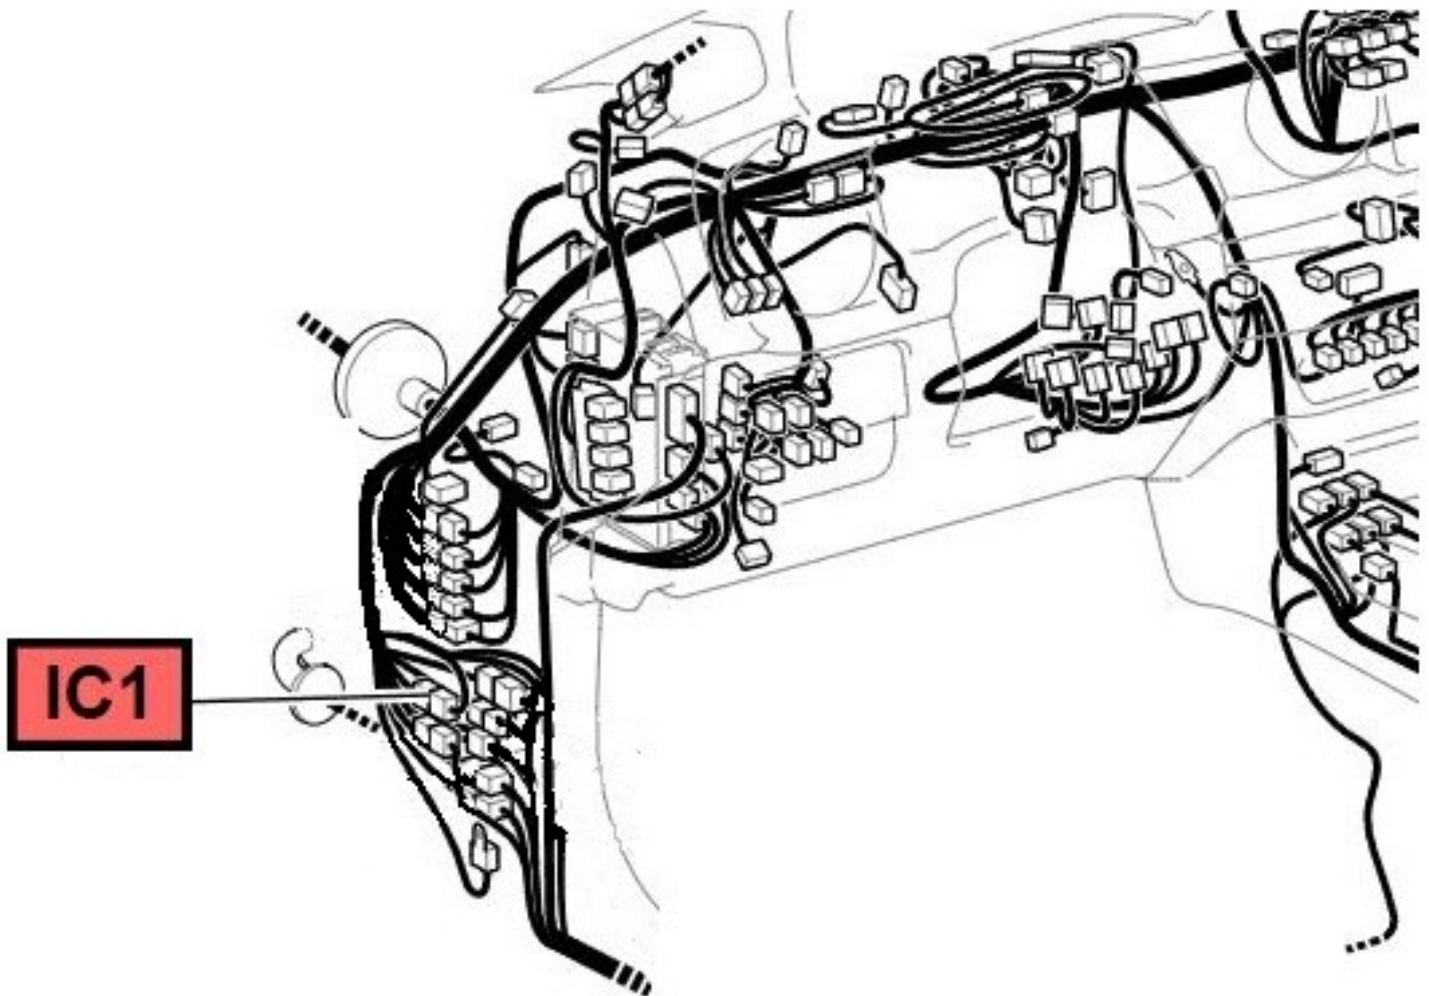

For the **2005—2011 Tacoma** and the **2007—2013 Tundra** the plug and play harness can only be plugged in on the passenger side. It will not work on the driver side and may cause damage to the vehicle electrical system. *For wire connections and factory plug locations see below*
